DETAILED ACTION

1. This communication is in response to amendment filed 8/24/05.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 8/24/05 has been entered.

Response to Amendment

3. Claims 2-7, 10-12, 18, 21-24, 28-30 have been amended and new claim 41 has been added. Claims 2-41 are currently pending.

Response to Arguments

4. Applicant's arguments with respect to claims 2-41 have been considered but are moot in view of the new ground(s) of rejections.

Claim Objections

5. Please change claim 27 to read “1/99 and 99/1” from “1/99 ad 99/1”.

Claim Rejections - 35 USC § 112

Claims 41, 2-5, 19 and 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

6. Step (b) recites that a total cash plan cost basis are determined on the basis of the inventory allocations and the cost bases of the inventory components as desired by the deficient CSC. However, step (a) fails to positively recite these elements. Step (a) maintains inventory data base and processes and stores data in the storage device of the system. Step (a) recites the identifying step only as intended process. In other the inventory data base is maintained by processing and/or storing data in the storage device of the system with the intention of identifying inventory allocations etc.

7. In order to correct this deficiency, it is recommended that the claim be amended to read: “Maintaining an inventory data base ...thereby inventory allocations...investment values are identified in the inventory data base”.

8. This deficiency also applies to dependent claims 2-5.

9. Claim 19 recites limitation “the company”. Since independent claim 18 refers to a trading company (TC) and a capital seeking company (CSC) it is ambiguous as to which company claim 19 recites. Dependent claim 20 also inherit same defect.

Art Unit: 3624

Allowable Subject Matter

10. Claims 6-18, 21-40 are deemed allowed over prior art. All other claims are allowable subject to resolution of the aforementioned deficiencies.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
